### HAVE THE RIGHT INFORMATION.

In order to locate someone, you will need personal information to identify them. You will need the country of birth and the A-Number. If you do not have an A-Number, you can look them up by full name, date of birth, and country of birth.

**Are you afraid to return to your home country?** If you get arrested let ICE agents know that fear of returning to your home country.

### FIND AN IMMIGRATION ATTORNEY.

Once you or someone you loved is detained, it is important to act fast and seek an immigration attorney immediately. Immigration law is complex, and you will want an attorney to help you understand the options you or your loved one might have.

### REMEMBER YOUR RIGHTS!

You have the right to remain silent and you have the right to an attorney. If detained, you have the right to make a phone call. Do not speak about your immigration status or sign any documents without your attorney present.
